Transform how your team collaborates and performs.

This immersive 4-day experience, based on Thinking Collaborative's Adaptive Schools model, explores the strategies that make teams effective in today's evolving work environments. Learn how to facilitate groups, manage team dynamics, and create a culture of responsibility that leads to enhanced outcomes and greater organizational impact.

In this course, participants will learn about:

- Effective, relevant facilitation strategies
- Sustaining group energy and focus
- Becoming adaptive
- Group member capabilities
- Ways of talking
- Professional communities that learn
- Structures for successful meetings
- Valuing cognitive conflict

By the end of this course, you'll leave with practical skills and strategies that can be immediately applied to improve team performance and educational outcomes. We highly encourage teams to attend together to foster deeper connections and greater impact.
