

# One-Time Video Package for Schools

**GRANT WOOD**  
AREA EDUCATION AGENCY

Schools purchasing a one-time video will receive a high-quality, professional video tailored to the district's goals and vision. Your video can include staff, student, or alumni interviews, dynamic video montages, or anything your district would like.

All recorded video clips will be provided to the district and stored in an accessible drive for future use.

While we will produce one edited video for your immediate needs, we'll share potentially hundreds of additional clips that can be used by your district for future promotional projects.

## PACKAGE INCLUDES:

- ✓ Up to three trips to the district (Multiple buildings, sports complexes, or facilities visited in the same day count as one trip)
- ✓ Up to four hours of recording time per trip

### Recording availability:

Monday–Friday, 7:45 a.m. – 4:00 p.m.  
(Though we do have the ability to incorporate after hours footage provided by the district into the final video)
