*Governor Kim Reynolds has issued a new Proclamation of Disaster Emergency as of July 17, 2020 which allows for increased flexibility in the use of substitute teachers during the disaster emergency period: [Click here to read](#)

This course is designed to meet the requirements for Substitute Authorization. The course addresses the four components required by the Board of Educational Examiners including Classroom Management, Diversity, Ethics, and Strategies for Learning.

Upon successful completion of the program the participant may apply to the Board of Educational Examiners for authorization to substitute teach. Iowa licensure also requires a state and federal background check. Receiving a substitute authorization will allow an individual to substitute PK-12 for no more than five consecutive days in one job assignment and no more than 10 of 30 days in one assignment. An individual who holds a paraeducator certificate AND completes this course will be authorized to substitute in the special education classroom in which the individual paraeducator is employed.

*Full attendance and completion of 5 hours of online instruction and all assignments is required for this class. Additional fees for licensure application and a background check will be required when application is made to the Board of Educational Examiners. **Personal Protection using a mask and/or shield is required to participate in this class.**
